Schatzalp Coasting Slide

Why not try an exhilarating sledging ride to the valley? Even in summer is the skid fever in full activity on the Schatzalp. Try our coasting slide, an experience for young and old!

Open from May until October 2009, daily from 10am until 5pm, only by dry weather conditions

41 Schatzalp Springs

All our springs are different and have their unique character. One carries more water in the summer and the other carries more water in the winter and the third carries the same set all over the year. There are colder and warmer ones. The former owner of the Schatzalp, Oscar Miller argued that he could identify every spring only by tasting. Our spring water is highest quality table water which is attested by constant controls.
